SUMMARY

My objective is to contribute to the overall team by applying my education, work experience in industry and DoD environments, strong work ethic, leadership, and communication skills; enjoy individual responsibilities as well as participating as a team member or leading the team. I consider my strengths to be my logical thinking and approach to problems, my energetic outlook, and proactive approach to solving issues.

EXPERIENCE

Missile Defense Agency, Huntsville, AL

May 2017 – Present

Active Secret Security Clearance

5224 Martin Road SW, Huntsville, AL, 35898

Earned Value/Program Analyst GM Matrixed

- Lead Analyst for MOKV, LPLD – provide assistance in the management of complex project and action items
- Provide guidance to Program Manager (PM) on funding limitations placed upon MOKV contractors; this allowed MOKV PM to avoid a request for equitable adjustment, an estimated savings of \$12.6M
- Researched legislative and procedural reasoning for reduction in MOKV funding; discovered reduction came from inadequate description of program and its mission
- Integrate EV data with budgets and program schedules, conduct detailed analyses of EVM data to determine program health and provide insight based on observable indicators of success or failure
- Coordinate across different functional teams to provide accurate analysis and communication to contractors
- Experience on four Integrated Baseline Review (IBR) teams; 3 additional IBRs scheduled in 2018
- Assist EV program offices by providing EVM Core Team support, to include work supporting various IBRs
- Nominated to College of Performance Management, Tennessee Valley chapter executive board as VP of Finance
- Lead Analyst on Low Power Laser Demonstrator, back up analyst on Advanced Sensor Development and Demonstration
- Slated to be the Lead Analyst for Hypersonic Defense Weapons Systems in the Advanced Technologies group
- Appointed to Internal Audit Readiness team to serve as Core Team SME regarding GAO audit readiness
- Assist Senior EVM Analyst with security requirements for EV group
- Experience with EVM and schedule analysis tools to include wInsight, Empower and MSProject
- DAWIA Level 1 certified, pursuing DoD FM Level 1 certifications, complete May 2019
- Compile information papers for Industry CEO data calls for briefing to Executive Leadership
- Currently serving as interim POC for all EV waivers, typically assigned to NH-3 level analyst

LG Electronics, Huntsville, AL

October 2015 – May 2017

201 James Record Road, Huntsville, AL, 35824

Parts Analyst/Logistics Analyst

- Responsible for data aggregation/reporting on Key Performance Indicators with minimal supervision
- Responsible for preparing briefing materials presented to company president and overseas Global VP
- Analyzed problems and finances to identify significant factors/root causes of issues to report to management
- Created automated query which reduced weekly financial performance reporting from two days to two hours
- Maintain MS Project database to coordinate work across multiple organizations
- Demand planning and forecasting in week, month, and yearly increments – 97% accuracy in forecasting
- Lead warehouse/financial efficiency projects (shipping container savings, warehouse layout, Voice Picking)
- Weekly, monthly, and yearly reporting along with trend, gap and lifecycle analysis
- Communicate KPI performance orally and electronically to key personnel (cross-cultural experience)
