

## Daniel L. Lynch

### Integrated Program Management & EVMS Consultant

Recognized thought leader and expert within government and industry for the design, development, implementation, and interpretation of compliant Integrated Program Management (IPM) & Earned Value Management (EVM) Systems. Instrumental in the EVMS certification of a multi-billion-dollar annual sales defense contractor. Sought after speaker, panelist and instructor in the government contracting arena to assist in the mutual understanding of requirements in order to achieve mission objectives. Extensive experience in collaborative studies and authorship of Data Item Descriptions (DIDs) such as the Integrated Program Management Report (IPMR) and the recently issued (2020) Integrated Program Management Data & Analysis Report (IPMDAR).

Wide-ranging analytical knowledge and training in analyzing past and current performance to assess impacts to future execution. Varying levels of engagements for Integrated Baseline Reviews (IBR) ranging from negotiating pre-IBR ground rules, Control Account Manager (CAM) interviews, baseline execution assessments, and IBR Team Lead.

Past Chair and current member of the Board of Directors for the National Defense Industrial Association Integrated Program Management Division (NDIA IPMD). Performs as the NDIA IPMD liaison to the College of Performance Management (CPM) which includes Honorary Executive Board Member status. In collaboration with government staff personnel is a speaker, instructor, and panelist for the Defense Acquisition University (DAU) for evolving Integrated Program Management topics.
