

## CPM Chapter Sponsorship Opportunity

As a sponsor, you will be putting your company name, products, and services in front of the area's premier current and future business leaders. Our membership consists of a wide array of project professionals and executives that represent a broad base of industries. Becoming a sponsor means that your company will be promoting the value of our mission to promote excellence in project management and supporting the continuing education of your teams in the latest trends, topics, and ideas in project management.

One of the tenets of CPM includes our focus on supporting our members with their professional certifications. Our events help us to achieve this goal for our membership. We provide a variety of focused topics and speakers for current certificate holders who wish to continue their personal growth and development while earning valuable professional development units that help them to maintain their professional status.
